Date: 16 February, 2009
Subject: **Victorian Bushfire Appeal Donations Update**

Dear Team,

We have had a fantastic result from all our initial fundraising efforts for the Victorian Bushfire Appeal.

I want to extend huge thanks to everyone involved for all that has been done – it's been sensational. The volunteering to run the barbecues from team members and family was fantastic, as was the support of so many local businesses that helped out with sausages and bread.

Through your efforts and the generous support of our customers and suppliers, the sausage sizzles and donations have totalled an amazing **\$1,176,200**.

This is in addition to over **\$500,000** contributed by Bunnings through cash, product donations and other activities assisting the communities impacted by the fires and the local emergency services teams.

There will be more that we do in the weeks and months ahead. As an example of this last week we established direct links into the relief centres to ensure we can deliver practical and meaningful support to those impacted by the fires.

Many thanks again for your wonderful teamwork and support.

Kind regards

JG
