FLATPAX UTILITY offers a versatile range of modular cabinets that can be used in any area of your home or office. From the kitchen to the laundry, or just some extra storage space in the garage, you will find what you need.

Better still, they are easy to build with everything in the box and the cam and pin construction means there is no need for end panels.

Finishing off your cupboards is easy with the range of Kaboodle benchtops. Available in both timber and laminate, they are the perfect way to complete your project.
