AQ2018000701-AQ2018000940	AQ2020000945-AQ2020001560

DEFECT: The resin filling on the pump does not completely cover wiring. Water will make contact with the pump's main connection.

HAZARD:

When water makes contact with the pump's main connection, the device is likely to conduct an electric current to the water, causing electric shock or electrocution.

ACTION REQUIRED:

Consumers should stop using the pump immediately and return it to their nearest Bunnings store for a replacement product. To find your nearest Bunnings store, go to www.bunnings.com.au
